Only openings left are Minor Neutrals (\$1 each). ##### For info on DPBA subs, etc., see DPBA #32. ##### Phone nos. still needed for Beyerlein, Boskey, Brannan, Buchman, Gemignani, Greene, Halle, Haramis, Hill, Kanner, Latimer, Lebling, Leitch, Maier, Mebane, Munroe, Naus, Nurse, Pournelle, Schelz, Wittman. ##### Address code on this issue: P, player in game(s) within; S, Sample; T, Trade; W, Subscriber (no. indicates last issue on sub.); X, last issue, unless.... ##### GLOCKORLA (Dave Lebling; address above under "The Players") (Regular Diplomacy) and LA GUERRE! Devastated supply centers at end of SPRING, 1905 -- Kie (17), Rum (17), Smy (16), Bul (16), Hol (16), Den (19), Con (20), Swe (18).

GM Note -- Both A-H and RUS have protested our placing a limit on the amount of bonus which may be paid to any one country in any one transaction in any one season. However, these are the two countries which are profiting by unlimited bonus payments; don't any of the other players have an opinion on this proposed limitation? If so, speak up now! Our thought is to place a limit of \$10 F.T. bonus on any one transaction (per country). However, it would seem that the damage has already been done in this game -- the economic structure has already been demolished by the trading done thus far. Certainly, in any future game of Economic II, such a limitation would have to be placed in effect from the start. But in this game.... ##### So, speak out, pls!

Supply Centers held at end of AUT'10 (retreats do not affect count) --

ENG -- ~~Par~~, Bre, Chr, Edi, Ire, Lon, Lvp, Mor, Osl, Por (remove one unit). (9)

FRA -- Par, Sev, Per (may build one unit). (3)

ITA -- Cor, Mar, Mon, Nap, Rom, Sar, Ser, Spa, Trs, Ven (stands pat). (10)

RUS -- Ber, Bul, Bud, Fin, Hol, Kie, Mal, Mos, Mun, ~~Par~~, Rum, Rig, StP, ~~StP~~* Sil, Stp, Swi, Vic, War, Bel, Smy (stands pat; see GM Note, below). (19)

TUR -- Ank, Cre, Con, Gre, ~~Smy~~, Trp, Tun (remove one unit). (6)

GM Note -- In our supply center chart for AUT'09 we forgot to remove Sev from the list of Russian supply centers (it was captured during 1909 by France); thus Russia had one unit too many on the board last year. ##### Does anyone remember what Chalker's victory criterion was for this game? There are 47 supply centers on the board -- did Chalker set a simple majority of 24 ($\frac{47}{2}$), or did he set a goal of 25? Unless we hear from anyone to the contrary, we will rule that he who has 24 units on the board at the completion of a WINTER season will be declared the victor.

Deadline for AUTUMN, 1910 retreats (ENG: F Bel; TUR: A Smy) and W'10 builds/removals -- Noon, Tues., Oct. 1.

PEA (Variant-Regular Diplomacy Game #4) --

Error in DPBA #33 -- Under "Supply centers held . . .", opp. A-H, add "Sev", change "(17)" to "(18)", and change "(may build three units)" to "(may build only three units, as only has three open home supply centers)". Opp. GER, change "Sev" to "~~StP~~", and change "(11)" to "(10)".

GM Note -- Although A-H has 18 supply centers, under the DIPLOMANIA House-Rules he has not yet won, as the DPMA Victory Criterion is 18 units on the board at the completion of a WINTER season. There is nothing, of course, to keep FRA and GER from conceding to A-H at this point....

Deadline for AUT'10 retreats & W'10 builds remains Noon, Tues., Sept. 24.

PJC (Regular Diplomacy Game #4) --

Error in DPBA #33 -- Under FALL, 1908 moves, opp. RUS, underline "A StP-Nwy".

Deadline for AUT'08 retreats & W'08 builds/removals remains Noon, Tues., Sept. 24.

Deadline for SUM'05 retreats (A-H: A Gal, A Ser) remains Noon, Tues., Sept. 24.
